SUMMARY

Highly organized and detail-oriented undergraduate MIS student with computer science background at Qatar University
Seeking a role where I can contribute to project management, market research, and implementation while utilizing my analytical and organizational skills.

PROFESSIONAL EXPERIENCE

CERN, IT Summer Student, Contract

July 2025 – August 2025

- discovered ways to start developing an **early-warning analytics framework** (entropy trajectories + knowledge-graph dynamics) to forecast **emerging “next-big-thing” concepts** in quantum computing; delivered findings as a poster and final report.
- Translated complex bibliometrics into **actionable signals** (novelty surges, influence propagation) to inform
- **Redesigned OQI’s hackathon playbook** into a modular, outcomes-driven guide (timelines, roles, judging rubrics, tech stacks, SDG framing) to support scalable, repeatable events.
- Co-developed a **winning solution** at a CERN/OQI quantum computing hackathon, combining quantum-inspired and classical methods for **materials discovery** (e.g., efficient catalyst search).

DineNorder, Director of Sales and Business Development, Contract

Dec 2024 – Present

- Conducted primary market research on-site at The Pearl (Doha), directly engaging with restaurateurs and diners to gather feedback and validate the app’s product-market fit, shaping marketing and sales approaches• Introduced students to coding fundamentals using platforms like Tynker.
- Secured key partnerships and B2B client deals by onboarding prominent restaurants onto the platform, expanding DineNorder’s presence and revenue streams in the local market while empowering eateries with digital tools to streamline operations• Helped over 30 students build their own projects, boosting creativity and problem-solving skills.
- Represented DineNorder at international tech events, including Web Summit Qatar 2025, to showcase the startup on a global stage – pitching to investors and partners and boosting the company’s visibility for growth.

Camelcode Tutor, Contract

Feb 2025 – Present

- Taught programming to children aged 8–14 as part of the CamelCode initiative in Qatar.
- Introduced students to coding fundamentals using platforms like Tynker.
- Designed and delivered interactive, beginner-friendly lesson plans tailored to young learners.
- Helped over 30 students build their own projects, boosting creativity and problem-solving skills.
- Fostered an engaging and supportive classroom environment that encouraged curiosity and collaboration.
- Contributed to CamelCode’s mission of nurturing early interest in technology and digital literacy among Qatari youth.

US Department of State, Georgetown University, Washington District of Columbia
Student Leadership Program Alumni

Mar 2024 – Aug 2024

- Created a comprehensive business plan for EasyMunch Vending Machines, focusing on sustainability and innovative solutions for the vending industry ensuring a breakeven point at the sale of 5500 meals and a **profit margin of 15 QAR per meal**.
- Conducted extensive **research on market demand on 30 institutions**, identifying key trends, consumer preferences for eco-friendly meal options and a purchasing power of 15-30 QAR for lunch meals.
- Designed and prototyped vending machine concepts that emphasize sustainability, reducing environmental impact through eco-friendly packaging and **energy-efficient technology that kills 7000 tons of CO2 emissions**.

Hult Prize, Doha, Qatar

Qatar University OnCampus Program Director

Feb 2022 – Feb 2023

- Achieved remarkable success by spearheading the planning and flawless execution of the highly acclaimed Hult Prize OnCampus program, an engaging social entrepreneurship competition that annually attracted the **active participation of over 35 dynamic student teams**.
- Empowered and nurtured aspiring student entrepreneurs **by orchestrating a series of 22 impactful workshops**, speaker series, and mentoring sessions, fostering their growth and enabling them to develop innovative business ideas.
- Established and maintained strong collaborative partnerships with esteemed campus partners, **sought-after sponsors including Brill Creations and Scale7, and a panel of distinguished judges such as Hamad Al Hajri, Emad Al-Khaja, Ramzan Al Naimi, Al Hassan Al Sammarraie, and Omar Ashour**, securing vital resources and ensuring the resounding success of the program.
- Mentored and guided participating teams, imparting invaluable expertise in business model development, comprehensive market analysis, and the art of delivering compelling pitches leading to **an incubation of Divert Startup under QDB**.

MyFatoorah, Doha, Qatar

Sales Representative

Oct 2020 – Feb 2022

- Achieved a remarkable **56% increase in customer acquisition within a span of 2 years** through the development and implementation of highly effective sales strategies.
- Fostered collaboration with cross-functional teams to enhance product offerings and proficiently address customer requirements resulting a **35% increase in B2B leads**.
- Employed extensive market research and analysis to successfully identify untapped business opportunities of 10 sectors that need financial payment services.
