

OTHMAN ALABED

Data Analyst | Business Analytics | MIS (Qatar University)

+974 5084 3220 | 1othmanalabed1@gmail.com | linkedin.com/in/othman-alabed | github.com/Othmanxo

PROFESSIONAL SUMMARY

MIS student focused on business analytics with experience in research/metadata analysis, market data collection, and converting complex information into clear insights for decision-making. Strong communicator (reports, posters, stakeholder updates) and comfortable working across technical and business contexts. Targeting entry-level Data Analyst / Business Analyst roles to deepen SQL/BI skills and deliver measurable impact.

TECHNICAL SKILLS

- Analytics: data cleaning, exploratory analysis, KPI reporting, dashboards, stakeholder insights, market research (interviews/surveys)
- Tools: Excel (PivotTables, Power Query), Power BI, SQL, Python (pandas), Git/GitHub
- Methods: data visualization, basic statistics, trend tracking, documentation and reproducible reporting

PROFESSIONAL EXPERIENCE

CERN — IT Summer Student (Data/Analytics)

Jul 2025 – Aug 2025

- Analyzed bibliometric and research metadata to detect early signals of emerging concepts in quantum computing (novelty and influence propagation).
- Prototyped an early-warning analytics approach using entropy trajectories and knowledge-graph dynamics; delivered a poster and final report.

DineNorder — Director of Sales & Business Development (Data-driven Growth)

Dec 2024 – Present

- Conducted on-site customer discovery in Doha to validate product-market fit; synthesized insights into prioritized product and go-to-market actions.
- Built a structured outreach pipeline (CRM) and tracked funnel performance to improve partner acquisition and engagement.

MyFatoorah — Sales Representative (B2B)

Oct 2020 – Feb 2022

- Increased customer acquisition by 56% over two years using structured prospecting and performance tracking across the pipeline.
- Identified growth opportunities across 10 target sectors via market research and segmentation analysis; contributed to a 35% increase in B2B leads.

LEADERSHIP

Hult Prize — Qatar University OnCampus Program Director

Feb 2022 – Feb 2023

- Led execution of a campus entrepreneurship program with 35+ teams and 22 workshops; coordinated sponsors, judges, and partners.
- Coached teams on market analysis and pitch development; supported outcomes including incubation under QDB.

SELECTED ANALYTICS PROJECTS

- Data Salary Dashboard (Excel): Interactive dashboard for salary trends and role comparisons; published to GitHub (github.com/Othmanxo).
- Research Trend Analytics (CERN): Visual summaries of concept emergence using publication metadata and network dynamics.

EDUCATION

Qatar University, Doha

B.A. Management Information Systems (MIS) — Expected Graduation: Jun 2026
